It was the happy days Friends and family
Busy days are coming There will be babies
And now it's time to go Say Yes and ever

3

All were nice and kind Every thing was fine
House keeping and work Each day will be enough
To smile laugh and kiss Even faint happiness

5

No thing to worry about Then Daddy died and left me
So much things to care about Then kids will go and left me
And to care about no thing Til they're all gone and left me

A lone before my mirror A lone before my marriage
A lone before my mirror A lone before my old age
A lone before my mirror A lone before my honeymoon

A lone before my new life And I wonder
A lone before my sadness And I wonder
A lone before my new life - - - - My Brave New Life
